

Rotary Mariners

INTERNATIONAL YACHTING FELLOWSHIP OF ROTARIANS SAN FRANCISCO FLEET

Membership Application

- Founded in 1947 by John Barrett in England, IYFR is the oldest continuous and largest Rotary fellowship... over three thousand Rotarians enjoy the fun of boating combined with their Rotary fellowship.
- Our goal is "Service on the Sea" combined with fun, fun, fun
- Own a boat? You can choose reliable crew from or roster of Rotarian friends.
- Small boat interest? We have activities for you too (and don't miss the opportunity to crew on a larger craft).
- No Boat? No problem. Owners are often looking for crew and your common Rotarian backgrounds has already established a common interest.
- Participate in community service with a nautical flair.
- Full access to the Fellowship's online directory of members so that you can "connect" when traveling throughout the United States and the world with people who share two interests with you, Rotary and boating!
- Receive our periodic *Rotafloat* bulletins from the International Fleet as well as our local fleet news.
- Join in the fun at Rotary International conventions at the IYFR booth and Friendship house as well as our usual post convention cruise.
- Participate in special nautical and boat oriented friendship activities.

I wish to apply for membership in the International Yachting Fellowship of Rotarians through the San Francisco Fleet.
